SUBJECT: Telecon Report - ~~Approval to Turn-over Two each CK-7 Coder/Keyer Sets to the Signal Corp~~

REF: Memo to CIA from USASRD, subject: Perforator Set, Tape, Telegraph AN/UGT-1, dated 4 March 1959

This date a telephone call was received from [Redacted] of OC-Plans & Policy. The following agreements were made: [Redacted] was requested by the writer to seek DD-P's permission to turnover two CK-7 Coder/Keyer units to USASRD. [Redacted] informed the writer that because of the history of the development and production of this equipment (previously known as AN/UGT-1) there was no need to seek DD-P permission and that we could deliver these units to the Signal Corp.

STAT

1. This Laboratory has been requested by the USCONARC Service Test Board to supply additional models of Keyer Perforator AN/UGT-1 with correction of certain deficiencies found during their tests.

2. It is understood that your agency has made some modifications and improved this unit. To assist in correcting these deficiencies and assure that all desirable changes are made in the items to be submitted to USCONARC, it is requested that two (2) of your latest type units be shipped to the Activity Supply Officer, USASRD, Bldg. 2504, Charles Wood Area, Fort Monmouth, N. J., ATTN: Chief, Combat Area Branch, Transmission Facilities Division, Communications Department.
